Looking at the student body as a whole helps us understand what percentage of APS students are taking, testing and passing AP exams, rather than focusing on just students who took take AP tests.

KIPP had the highest percentage of the student body taking an AP course at 73%, but only 3% of their student body passed an AP exam.

Classical, Grady, Drew, and North Atlanta all had more than 10 percent of their student body pass an AP exam.

Performance Drill Down: Graduation Rate

- Percentage of students who graduate high school in four years
 - Based on a cohort of students who start high school at the same time:
 - A 2020 graduation rate of 75% means that 75% of students who started high school in 2016-17 graduated in four years.
 - Students who transfer are removed from the cohort

This table shows institutional and APS graduation rates for schools that enrolled at least 15 APS students from cohort 2013 (i.e. students have had 6 years to graduate).

The “Any” rate indicates students who earned a degree / certificate from any institution within 6 years, while the “Same” rate indicates students who earned a degree / certificate from the same institution at which they started (the definition used for the institutional graduation rate). For both APS grad rates, the denominator is number of cohort 2013 seamless enrollees.
